WALL STREET DISPLAYED A GREAT AMOUNT OF ACTIVITY.

of the usually trustworthy indications of a pinch It was in this spirit that speculators ed to buy stocks at the opening. They raised prices from 1 to 11/2 points over Saturday's level in a large number of prominent stocks within a few minutes. Then began the calling of loans some of the banks. Loans made yesterday carry over until Wednesday, and when speculators began to look about to find new accommodations with which to carry their holdings of in rapidly to 25 per cent. The first loads n more. This suddenly checked the aniton of the stock market, and was forlowed ty a period of contemplation. A conspicuous feature of the market at this time was the large When the rates of maney fell away to 10 per cent, again the speculators very promptly availed themselves of the resources offered and rushed prices up to the top level of the day. The strength in the market was very general, and on the whole quite uniform. The steel stocks, the prominent industrials and the Southern and Southwestern railroads, especially the Atchisons and Union Pacific, were the leaders in point of strength, with gains ranging from 1 to 11/2 per The closeness with which the speculation kept pace with the resources of the money market and the sensitiveness of the sterling exchange market were very striking. The rate for sterling exchange fell weakly at the time of the furry in the money market, but became firmer egain when the money rate weakened. The rate ent well below the gold import point during the day, but no engagements were made, owing to the feeling that the day's conditions were

during the course of the week. Standard (ii) sold on the cutside market at 625, ecmpared with the previous record of 613 on Saturday. Quite a large business was done in bonds, and prices were well maintained. Total sales at par value were \$1,315,200. United States new fours edvanced 16 and the old fours declined 16 per

erable loans on time were secured last week to

guard against the possibility of an unsettled

Wheat was a dull market throughout the ses-

sion, save for a brief period of agility at the start. This being the eve of a national election, traders were disinclined to go into important deals, and evening up over the holiday divided attention with betting haberdashery on the result of to-morrow's balloting. There was practically no cash trade, either here or at the seaboard. The market opened firm, December 4@ pool and the statistics, there being a decrease in world's shipments and in the amount on passage. The visible increased 259,000 bu. Following the opening December dropped to 73%c on profit-taking, but later recovered and closed firm, %@%c higher at 74@74%c. New York reported ten loads taken for export, and seaboard clearances in wheat and flour were equal to 456,000 bu. Primary receipts were 1,119,000 bu, compared with 1,336,000 last year. Minneapolis and Duluth reported 834 cars, against 945 last week and 1,239 a year ago. Local receipts were 115 cars,

Corn was fairly active and strong on light country acceptances and higher cables. There was a good foreign demand at first, mostly for November, but later for the more distant futures. St. Louis interests bought freely through commission houses. The market was helped by a decrease in the visible of 1,213,000 bu. Local receipts were 175 cars. December sold between 35% and 35% @36c, closing 40% c up at 35% @352.0 Oats were dull and absolutely lacking in any-

thing to make them a counter attraction to election bets. Acceptances on Saturday's bids were light, and there was a fair demand for shipping. December sold between 22c and 224c, and closed a shade up at 22@224c. Receipts were 100 cars. Provisions were dull but steady, sustained by a lighter run of hogs than had been expected speculative interest represented in the pit small. January pork sold between \$11.30@11.32½ and \$11.25, and closed 2½c higher at \$11.25; January lard between \$6.77½ and \$6.72½, closing 5c up at \$6.72\%, and January ribs between \$6.05 and \$6, and with the close 2\%c improved at \$6.

Chicago Board of Trade Cannot Withhold Its Market Quotations.

CHICAGO, Nov. 5 .- In a decision rendered by Judge Vail in the Circuit Court here to-day it was declared the Chicago Board of Trade market quotations are a public interest and must be distributed without discrimination.

The decision was rendered in the case of the Chicago Board of Trade vs. the Central Grain and Stock Exchange, the board having asked the court to dissolve the temporary injunction restraining it from withholding its quotations from the defendant, alleging said defendant to be a bucket shop. In ruling against the Board of Trade Judge Vail made the injunction perpetual. Sixty days are allowed the attorneys for the board to prepare a bill of exceptions to be carried before the Appellate Court. In the strict sense of the term the court choice, \$5.25@5.50; mixed sheep, choice to extra, finds that the Central Grain and Stock Exchange is not a bucket shop, the records brought into court showing that grain, although in small amounts, had actually been received and delivered. Under the decision the board must furnish

its quotations to any interest asking for used. The board, the court holds, is not a proper judge of the legality of the use, that being a matter for a criminal court. Should the court find a concern receiving the board quotations to be a bucket shop the board may then, under the Illinois statutes, withhold the quotations. Aguinaldo's Mouthpiece at It Again.

BOSTON, Nov. 5.-Senor Sixto Lopez this afternoon gave out a statement in reply

to that recently made by President Jacob G. Schurman, of the first Philippine com-4.40; calves, \$105.75; bulls, stags, etc., \$2.25@4.25. mission. Lopez says: "I shall have occasion to refer later to Dr. Schurman's "reply,' but in the meantime I may point out that after declaring that the Filipinos are abject savages, ready to tear each other's throats and lapse into anarchy, and that they are 'marked by dense ignorance,' Dr. Schurman closes his 'reply' by stating that 'it is the mission of our Republic to save the Filipinos, who, in general, are most promising, estimable and even lovable peo-

ple.' Thus the truth will come out in spite of all attempts to hide it. Dr. Schurman is one of the best of the imperialists. It his 'reply' is a sample of the 'fair' treat-
